

AWARD / INTERCONTINENTAL MUSIC AWARDS / OFFICIAL 2026 FINALIST

2026 ICMA FINALIST

Aksonance · *The Breath of Silence*, Artist Directed AI Generative

Aksonance has been named an Official Finalist at the 2026 InterContinental Music Awards. *The Breath of Silence* · the title track of the album dedicated to MARILYN100 · was selected in the Artist Directed AI Generative category, one of ICMA's dedicated categories for AI music creation.

The recognition speaks directly to what Aksonance has been transparent about from the start: work born from artificial intelligence and directed by human judgment, with music and arrangements AI-generated and lyrics written as a human and AI collaboration.¹

The Breath of Silence is the musical companion to MARILYN100, the centennial reimagining of Marilyn Monroe through one hundred cyberpaintings by Micheline Grisolame. It is out now as a digital release, on vinyl and CD, and as an art book.

ICMA winners are announced on **23 August 2026** · a natural second beat to the story to follow through the summer. Finalist graphic, album artwork, high-res images, streaming links and an interview with the project's curator Riccardo Crosta are available on request.

FINALIST · ICMA 2026
